

Q-AS37

3 Years Warranty

DOOR CONTACT SENSOR - NORMALLY CLOSED

34mm x 14mm x 7mm

NC (Normally Closed)

Plastic

Compact design

Strong Concealment

Easy Installation

PRODUCT DESCRIPTION

The Q-AS37 is a door contact sensor designed to detect the opening or closing of doors as part of a security system. It operates with a normally closed (NC) switch output, making it a reliable component in ensuring the security of access points. The sensor's compact design allows for easy installation in various door frames, providing consistent and effective monitoring.

PRODUCT ADVANTAGES

Compact Design: The sensor's small size allows it to be installed discreetly, making it suitable for various types of door frames.

Reliable Performance: Ensures consistent monitoring of door status, contributing to the overall effectiveness of security systems.

Easy Installation: Designed for straightforward integration with existing security systems, offering reliable door contact monitoring.

Q-AS37

3 Years Warranty

TECHNICAL SPECIFICATION

Product Parameter	Description Parameter
Model	Q-AS37
Dimensions	34mm x 14mm x 7mm
Material	Plastic
Switch Output	NC (Normally Closed)
Voltage	maximum power 10W, maximum voltage 100V, maximum current 0.5A
Operating Distance	16mm ± 5mm
Mount	Surface
Color	White
IP Rating	IP65
Place of Origin	Malaysia
Certifications	CE
Warranty	3 Years
