Q-WPK14B

3 Years Warranty

STAINLESS STEEL PUSH RELEASE EXIT BUTTON - WEATHERPROOF

86mm x 86mm
1.7mm thickness

NO/NC/COM

Stainless steel

Weatherproof and Moisture-proof

Durable Const. Corrosion resistance.

Easy Installation

PRODUCT DESCRIPTION

The Q-WPK14B is a crucial component in access control systems, designed to facilitate easy and safe egress. It is made of high-quality stainless steel and has a compact design with a panel size of 86 x 86 x 21 mm. This button can be used when doors do not have traditional handles, allowing users to simply press to open. It is connected to the electric lock on the door, offering reliable and convenient operation. The button supports multiple output contacts (NO/NC/COM) for flexibility, operates on 12-24V DC, and is IP67 rated, ensuring durability and waterproof capability for indoor and outdoor use.

PRODUCT ADVANTAGES

High Durability: Constructed from 1.8 mm thick stainless steel, ensuring robust performance in a variety of environments.
Flexible Power Compatibility: Operates on 12V-24V DC, providing compatibility with different power systems.
Versatile Contact Output: Offers NO/NC/COM contact outputs, allowing integration with various types of access control systems.
Compact Design: With its size of 86 x 86 x 21 mm, it is suitable for both small and large door installations.
Waterproof and Weather-Resistant: Rated IP67, making it ideal for outdoor installations and ensuring resistance to harsh conditions.

3 Years Warranty

TECHNICAL SPECIFICATION

Product Parameter	Description Parameter
Model	Q-WPK14B
Dimension	86x86x21mm (1.8 mm thick stainless steel)
Material	Panel: Stainless steel
Current Rating	3A @ 36V DC (max)
Working Voltage	12V-24V DC
Contact Output	NO/NC/COM (both ends)
IP Rating	IP67
Operating Temperature	-20℃～+55℃(14-131F)
Operating Humidity	0-95% (Relative Humidity)
Mechanical Life	500,000 tests
Warranty	3 Years
Certifications	UL,CE
Place of Origin	Malaysia
